The fingerprints submitted in conjunction with the background check application for **JUDITH SELIGMAN** have been rejected by the Federal Bureau of Investigation (FBI) and/or the New Mexico Department of Public Safety as unreadable, meaning that the FBI and/or the New Mexico Department of Public Safety could not read the fingerprints as needed to conduct a criminal history check. We therefore do not have enough information to determine whether this applicant meets the criteria for eligibility as defined in the rules promulgated at 8.8.3 NMAC.

In order to continue processing this application, **the applicant must return to your local 3m Cogent facility to be re-fingerprinted. There will be no charge for the submission of new fingerprints.**

Failure to respond to this request will result in denial of the application, in accordance with 8.8.3.10.C NMAC, which reads: *"If there is a need for any further information from an applicant at any stage of the process, the department shall request the information in writing from the applicant. If the department does not receive the requested information within fifteen calendar days of the date of the request the department shall deny the application."*

If you have any questions, feel free to contact the Background Check Unit at (505) 827-7326 or (888) 317-7326.

Sincerely,

Leighann Tingwall

Good Afternoon Adam,

I do not work for either party. However I do work for Felix and I read the original PA unless I did not read it correctly it said seller would pay the appraisal.

I am just trying to help them get their house. This is Kristen Robinson title company co and she pulled title and she requested that we use Fidelity. I understand that there may still be an issue with the title. what now ?
